- Can you imagine what it would be like to undergo a frightening operation and to be hospitalized for twelve days?

2) The office manager recently reorganized our office to increase efficiency and production.

- Active voice
- Passive voice
- None of the above

3) Choose the sentence that is not parallel.

- The instructor asked us to stop for a moment and give consideration to what our lives would be without water.
- The instructor asked us to stop for a moment and considering what our lives would be without water.
- The instructor asked us to stop for a moment and consider what our lives would be without water.

4) Military activity, nuclear testing, and disposal of radioactive waste are prohibited in Antarctica by the Antarctic Treaty.

- Passive voice
- Active voice
- None of the above

5) Considering the guidelines for avoiding faulty parallelism, choose the best version of the three sentences below.

- She remembered not only her maps, also her tire repair kit was remembered.
- She remembered not only her maps but also her tire repair kit
- She remembered not only her maps, but remembering her tire repair kit.

6) Choose the sentence that is not parallel.

- I was stuck on Route 15 behind a stretch limousine, a noisy bus, and a fruit truck.
- I was stuck on Route 15; in front of me were a limousine nearly a block long, a bus making so much noise I could barely hear my radio, and a truck carrying fruit.

- I was stuck on Route 15 behind a stretch limousine, a noisy bus, and a truck that was carrying fruit.

7) What in your opinion is best: online education or traditional learning. Support your answers with relevant examples. Word limit:150 words.

8) Write a memo for the scenario below. You may invent any information you need as long as it fits within our general Scenario.

Your Role: Director of Human Resources

Your CEO has urged the company to move away from Facebook-owned apps in favor of applications which feature end-to-end encryption. You agree with the CEO that your employees might be putting their personal information at risk. At the same time, you trust the good sense of the people you have hired. Though you respect the opinion of your CEO, you feel this request for employees to move to non Facebook owned applications might be overstepping the bounds of the company. Now, you would like to politely ask the CEO to reconsider his stance a bit. Compose a memo to the CEO by using proper formatting and organization. In the memo, respectfully, give him your opinion on the matter.

The memo will need to: • briefly explain the background behind the situation and how the CEO has chosen to address it • confirm the CEO's plan and the reasons behind his plan • persuade him to reconsider by stating at least one issue (with supporting evidence) in favor of employees using Facebook-owned applications.
